25X1X On 15 June 1950 a military train consisting of 20 flatcars loaded with tanks and heavy guns was observed at Sindel which is 20 kilometers southwest of Varna. This train came from Dobrich, north of Varna. It was learned that this train did not go to Sofia but it was believed that it went in the direction of Karnobad, west of Burgas. A few days later another military train consisting of 28 flatcars loaded with tanks and guns was seen at Sindel and also was not destined for Sofia. Military trains moving toward Sofia and Western Bulgaria travel at night.
